

Call for Nominations

EDAA Outstanding Dissertations Award 2009

In recognition of the importance of university research to the advancement of design, automation and test, and to encourage young researchers to work in the field, EDAA has established an award for outstanding Ph.D. dissertations in 4 categories:

Topic 1 – New directions in embedded system design and embedded software

Topic 2 – New directions in logic and system design

Topic 3 – New directions in physical design, design for manufacturing and CAD for analog circuits and MEMS.

Topic 4 – New directions in circuit and system test

In 2008, EDAA has received a total of 30 submissions (36 in 2007, 36 in 2006, 27 in 2005, 20 in 2004).

In each category, one award can be given. Each award consists of a 1000 € prize and a certificate. The awards will be presented at the DATE 2010 conference, where the awardees need to be present.

- ▶ Eligible are all Ph.D. dissertations which have been finalized in the last 2 years before the submission deadline.
- ▶ Nominations shall be submitted electronically and shall contain:
 - an indication of the category (one only);
 - an extended statement (PDF format) explaining the outstanding contributions of the thesis;
 - the PhD Thesis, preferably in English (PDF format);A thesis which is written in a language other than English must be accompanied by sufficient published material in English so that the jury can judge contributions and quality of the PhD work,
 - a CV and a list of related publications.
- ▶ Nominations shall be supported by at least 2 reference letters of experts in the respective fields, with at least one reference letter from a different university.
- ▶ Awardees must be present at DATE 2010 to receive the Award.
- ▶ SPRINGER will publish these awarded dissertations in the EDAA Outstanding Monographs series.

Deadline for nominations is 30 September 2009.

The nominations must be submitted electronically, exclusively in PDF format, through the following URL address : <http://www.esat.kuleuven.be/micas/EDAA-Award/index.php>

Award Chair: Georges Gielen, EDAA Vice-Chair
Email: gielen@esat.kuleuven.be

EDAA is a non-profit association. Its purpose is to operate for educational, scientific and technical purposes for the benefit of the international electronics design and design automation community. The Association, in the field of design and design automation of electronic circuits and systems, promotes a series of high quality technical international conferences and workshops across Europe and cooperates actively to maintain harmonious relationships with other national and international technical societies and groups promoting the purpose of the Association. EDAA is the main sponsor of DATE, the premier Design, Automation and Test Conference and Exhibition in Europe.
